

Application

```
classDiagram
    class Application
    class MobileApplication["com.example.android.wearable.wcldemo.MobileApplication"]
    MobileApplication --|> Application
```

The diagram illustrates a class inheritance relationship. At the top is a box labeled 'Application'. Below it is a larger box labeled 'com.example.android.wearable.wcldemo.MobileApplication'. A blue arrow points from the bottom of the 'MobileApplication' box up to the bottom of the 'Application' box, indicating that 'MobileApplication' inherits from 'Application'.

com.example.android.wearable.wcldemo.
MobileApplication
